

THE COMPETITION

Baja SAE North America consists of three annual competitions, each featuring upwards of a hundred collegiate competitors from across the nation.

01 STATIC EVENTS

Analytical presentations and reports on the design, quality, construction, cost, and marketing strategies of the vehicle.

02 DYNAMIC EVENTS

Compact courses created to challenge the vehicle's capabilities, covering aspects like suspension, traction, and maneuverability. Additionally, there are less intense courses with sled pulls, hill climbs, and acceleration tests.

03 ENDURANCE EVENT

The final challenge is an extreme, 4-hour endurance run to test the vehicle's integrity and team morale.

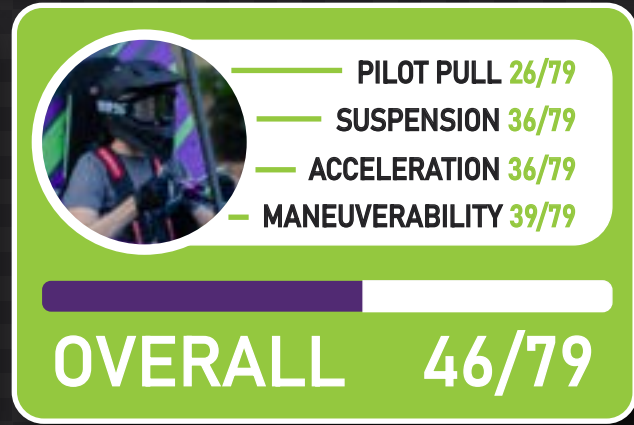

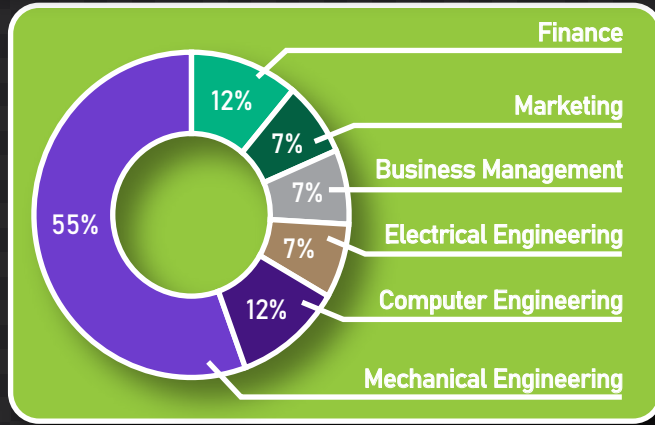

THE TEAM

Our mission is to build an inclusive learning community where students can turn wrenches, forge friendships, and be driven further as individuals, professionals, and leaders.

ROOKIE RESULTS

WE HELP STUDENTS FIND SUCCESS IN INTERNSHIPS AND JOBS BY PROVIDING HANDS-ON EXPERIENCE!
